Hands-On Workshop Sign-Up

If you registered for a full conference pass, you have the opportunity to reserve seats in up to three hands-on workshops – but only if your registration fees are paid in full. The Agenda Builder tool for hands-on workshop sign-up is now open. If you would like to change your schedule and use one of your hands-on workshop reservations for a different session, you first must cancel your initial booking. You may do so via the Agenda Builder on the conference Web site, latest by October 24, 8 AM IST. If for some reason you are late or you are not able to turn up for your reserved seat, and don't cancel online, you'll lose your reservation slot. It will be filled through the wait list and you will be unable to reserve a seat in a different session.

On-time arrival for sessions: A hands-on workshop reservation guarantees you a seat only if you show up on time for the session. Your best bet is to arrive at least 10 minutes before the scheduled session start time, because once the session starts, we'll release any open seats to those on the wait list.
